# *A DIGITAL RENAISSANCE*

**FEBRUARY 7th 2022**

*1.00 pm-2.30 pm Dubai time / 10.00 am-11.30 am CET*

The new Campus of the University of Napoli Federico II in San Giovanni a Teduccio has been selected by the European Commission among the most important examples in Europe of public-private partnership in the area of higher education and technology transfer. The Campus is known as a best practice for the several Academies that have been launched to provide students with specialized training on highly demanded digital skills: mobile app design, cybersecurity, advanced manufacturing, 5G services, IoT, networking, biomedical technologies. The Digital Renaissance proposal wants to show how this can be achieved and how these competences can have a major impact even in social innovation projects that will help to make the world a better place thanks to digital technologies

**Venue** **Accademia** - Italy Pavilion

**Language** English

Important COVID-19 Precautions for Entry: All attendees must show a valid COVID-19 PCR test taken within 72 hours to access the event.
